

Product Description

The CSE1201D is Input 110V~240V AC to Output 12V DC Transformer Power Adapter.

Features

- Universal AC Input Range.
- Convection Cooled Operation.
- Utilizes 105° Long-life Electrolytic Capacitors.
- Short Circuit/Over Voltage/Over Current/Over Temp Protection.

Specification

Model No	CSE1201D
Input Voltage	100-240VAC, 50/60Hz
Output Voltage	12VAC $\pm$ 5%, 1A
Product Size	87 x 65 x 29 mm
Weight	0.085KG

Additional Specification

Item		Description
Input	Input Voltage	100-240 VAC
	Input Voltage Frquency	50/60 Hz
Output	Output Voltage	12VAC $\pm$ 5%, 1A
	Output for Each Channel	1A
Fuse	Fuse Rating	2A, 250V
Environment	Working Temperature	-20°C~45°C
Mechanical	Dimension	87 x 65 x 35 mm
	Color	Black
	Casing Material	Plastic
